

SYED MUHAMMAD HASSAN ALI

FRONTEND WEB DEVELOPER | FUTURE-READY SOFTWARE ENGINEER

Karachi, Pakistan | abchassan2526@gmail.com

GitHub: github.com/abchassan2526-glitch | LinkedIn: linkedin.com/in/syedmuhammadhassanali/

PROFESSIONAL SUMMARY

Motivated aspiring Frontend Web Developer with hands-on experience building responsive, interactive websites and JavaScript applications. Strong practical foundation in HTML5, CSS3 and JavaScript, with projects covering DOM manipulation, Local Storage, UI design, responsive layouts and deployment. Seeking an entry-level opportunity where I can contribute to real projects, learn from experienced developers and grow into a modern full-stack developer.

CORE SKILLS

Frontend: HTML5, CSS3, JavaScript, Responsive Web Design, Flexbox, Animations, DOM Manipulation

Tools: Git, GitHub, VS Code, Netlify, Font Awesome

Programming: Functions, Conditions, Events, Local Storage, JSON, Interactive UI Logic

SELECTED PROJECTS

Personal Portfolio Website

- Designed and developed a modern personal portfolio with Home, About, Skills, Education, Projects, Gallery, Multimedia, Quote and Contact sections. Added responsive layouts, animations, hover effects and modern UI elements.

To-Do List App

- Built an interactive task-management application using JavaScript DOM manipulation and Local Storage, allowing tasks to persist after page refresh.

Tic Tac Toe Game

- Developed an interactive JavaScript game with winning-pattern logic, player turns, board interaction and restart functionality.

Digital Clock

- Created a real-time digital clock while practicing JavaScript functions, parameters, arguments, DOM manipulation and dynamic display updates.

Counter App

- Built an interactive counter with increment, decrement and reset controls, using DOM manipulation and conditional logic.

Frontend UI Practice Projects

- Created frontend practice projects inspired by Netflix, Amazon, Zomato, Movenpick Hotel Pakistan and an Explore Pakistan Travel Agency website.

EDUCATION & TRAINING

Matriculation — Secondary Education

Certificate in Information Technology (CIT) — Computer and IT fundamentals

Current Learning: Modern Full Stack Web Application Development

ADDITIONAL STRENGTHS

- Problem Solving & Logical Thinking
- Self-Learning & Continuous Improvement
- Attention to Detail
- Project-Based Learning
- Communication & Team Collaboration

LANGUAGES

Urdu — Native | English — Intermediate

CAREER GOAL

To begin my professional career in web development, contribute to real-world products, strengthen my JavaScript and full-stack skills, and grow into a highly capable software developer.
